RE: Case No 2008-00437

Dear Mrs. Stumbo,

I am writing in regards to case number 2008-00437. This is to advise you that the Estill County Water District's 2007 reports of gross earnings and the annual report was filled electronically with the Public Service Commission on November 20, 2008. A hard copy followed on December 1, 2008. I apologize for the lateness of the report and assure you that the District will strive to file future reports to the Commission in a timely manner. The District was forced by extenuating circumstances to upgrade accounting software. The conversion of information had to be done manually as the old system was no longer viable. This took longer than anticipated; however we are currently using the new software and do not foresee any reason we should have this problem in the future. Again, I apologize for the inconvenience and if there is anything you need please feel free to contact me at the number above.

With best regards,

Audrea Miller
Office Manager
